

## Lighting & Energy Solutions for Warehouses that improve your operations, your bottom line, and your planet!

bright • green • smart™

Improve the efficiency of warehouse space and at the same time reduce operating cost. GreenLight makes it easy and cost effective to use lighting as a tool to increase warehouse efficiency and worker productivity.

- Better lighting . . . at a lower cost
- Cut your lighting energy expense by up to 70%
- Payback in 1 - 3 Years typical
- Reduce lamp maintenance and recycling expense
- Gain more control and reduce energy expense with the GreenLight Centralized Lighting Management System
- Smart Ballast: addressable and tunable to a range of 175W - 450W
- Pay for system through savings
- Lease options available
- Smart Business Tools including Rebate Management, Energy Audits, Recycling Programs, and more

Contact your GreenLight Representative today to learn how the power of **bright.green.smart** can be put to work in your facility!
